

The Priors Nursery

Is having an **open morning** on
15th June from 9.30-11.30 for
prospective parents to see the
wonderful setting and meet the staff

Situated in the heart of the village of Priors Marston, with beautiful rural surroundings, excellent indoor and outdoor facilities the Nursery provides a safe, caring and stimulating environment for children from the term in which they turn three until they enter a Reception Class.

The Nursery offers 15 hours a week nursery grants, 30 hours from September for parents who qualify, and typically has 15-20 children enrolled occupying purpose-built premises adjacent to the Priors School. Experienced and qualified staff provide a happy, caring and stimulating environment, where children learn through play. The Nursery has access to a before and after school club run by one of the excellent EYFS staff.

Recently inspected by **Ofsted** (February 2017), the Nursery was rated as '**GOOD**' in all 3 inspection categories. The summary report confirms:

Staff make good use of opportunities for children to learn alongside others and experience seamless transitions into school.

Children are happy and engage in various activities.

Teaching is very good and all children make very good progress

Leadership and management is strong, which leads to very effective systems for monitoring and self evaluation. This means there is constant improvement in the high quality provision

The Priors Nursery provides care for children between the hours of 9am and 3pm during normal term time. For more information, please contact: Mrs Ingrid Spencer, The Priors Nursery, School Lane, Priors Marston CV47 7RR 01327 260527
