**If you have any information regarding the above incidents please contact [Warwickshire Police](#) online or by calling **101** or [Crimestoppers](#) **0800 555 111** if you wish to remain anonymous.**

The Warwickshire Road Safety Partnership was formed with the aim of making the roads of Warwickshire safer for all road users. We work with partners to imbed the Safe System Approach across our communities to reduce the number of people killed or seriously injured in collisions on our county's roads.

### After a collision

The first hour after a collision occurs is known as the 'Golden Hour'. Actions and treatment within the first hour when someone has sustained serious life threatening / life changing injuries really can make all the difference to the overall outcome. It is therefore of paramount importance that if you are involved in or come across a collision you know exactly where you are so that emergency services can be sent straight to you without delay.

### Over 70 and driving?

Partners work in collaboration with IAM RoadSmart to provide free Mature Driver Reviews, worth £69, for mature drivers aged 65+ and residing in Warwickshire. The aim of the review is to give the driver advice and reassurance over their driving ability; it is not a test. The reviews have been carefully designed to help drivers renew their confidence, receive an informed and trusted opinion on their driving, improve skills and reassure family members.

Following a report of a vehicle abandoned in the middle of a field, our officers attended. On arrival they found that the vehicle had been used to illegally poach and hare course before getting stuck. The vehicle has been seized for its use in these offences, as well as causing crop damage and not having any current vehicle tax.

As part of [Operation Snap](#), members of the public can report and submit digital footage showing potential moving traffic offences. This can range from driving dangerously or carelessly to overtaking on solid white lines or using a mobile phone while driving.

Operation Snap will not consider/process minor road traffic offences or breaches of the highway code where the threat, risk & harm level is low. Do not use Operation Snap to report parking offences. Nuisance parking, such as parking near schools and unnecessary obstructions can be reported online here

Romance fraud occurs when you think you've met the perfect partner online, but they are using a fake profile to form a relationship with you. They gain your trust over a number of weeks or months and have you believe you are in a loving and caring relationship. However, the criminal's end goal is only ever to get your money or personal information. Criminals are experts at impersonating people. They spend hours researching you for their scams, especially when committing romance fraud
