

## Hellidon Oil Buying Group, New Member Details

Welcome to the Group! We have been in operation for many years now and the Group is run on a voluntary basis with the objective of, over time, ensuring the most cost-effective supply of heating fuel to Hellidon and the surrounding villages.

At present we serve the villages of Hellidon, Catesby, Lower Catesby, Staverton, Priors Hardwick and Priors Marston. Other locations are possible upon enquiry.

### How does the Group operate?

The current process is for a request to be sent out for quantities required every month, around the 20<sup>th</sup>, for delivery within the next 7 to 10 days. Usually the price in pence per litre, plus tax, is also advised but in exceptional circumstances may change depending on sudden market movements.

To secure the price notified, confirmations of quantities needed must be provided within 2 working days of the request being received.

Everyone who needs oil needs to provide an estimate of the quantity needed. The minimum quantity is usually 500 L and the standard instruction is 'fill to full'. However, an option to supply an exact quantity is available if requested.

Payment is then made directly to the chosen supplier by credit card after delivery.

We have a roster of about 8 suppliers who are contacted each month and the lowest price is chosen.

We also have an oil boiler servicing arrangement with two engineers where we gather together pre-winter servicing requirements early July every year.

**Please complete the form below for our records and return to [martyn@eustaces.co.uk](mailto:martyn@eustaces.co.uk)**

**This information, except email addresses, is passed to suppliers so that they can also maintain records and also contact you in case of problems with any deliveries.**
